STAGE 2 - PREVENTION

Dear School user,

In order to ensure we do what we can to reduce the risk of illness in school we have a clear strategy plan in place.

Part of this strategy includes, where there is an increased risk of illness, implementing additional cleaning, hygiene expectations and certain restrictions.

At the moment we have increased our level of response to stage 2 – PREVENTION. This is to ensure we do what we can to prevent/ reduce the chance of illness developing or the further spread of illness.

At this stage, you are able to continue to use the school facilities, but we ask that you ensure that all those using the building as part of your company comply with the following:

- Wash your hands as you enter the building or use the hand sanitisers
- Wash your hands frequently
- Avoid unnecessary contact (no shaking hands)
- Avoid touching your face including mouth, nose and eyes
- Sneeze into your elbow or a tissue (not your hands)
- Put any used tissues in the bin and then wash your hands

We have included a poster which you may wish to circulate to your users.

We also ask you to inform us if any of your users are confirmed to have the coronavirus; this will help us to develop our response and ensure deep cleaning takes place.

If we need to take further precautions and move to stage 3 - MITIGATE/ DELAY, we will be in touch again; at this stage we need you to know that we may need to reduce or cease your ability to use the facilities for a period of time.
